Yes, most of Grenada people want the army camp.

Congratulations to the supervisors who have reduced the county-wide levy by one and one-half mills. Some of the districts have found it necessary to raise the levy and this, in some cases, will neutralize the lowering of the county-wide levy.

The Grenada county court house will soon have some shapely columns to replace the ugly old facade that we have viewed with horror all these many years.

Clip the coupon on the U. S. Navy ad and mail or send it to the GCW for information. Do this and at a later date a competent naval recruiting officer will visit you at your home and give all details. The U. S. Navy needs men, good men, alert and intelligent men to man the new ships sliding from the shipways of the nation.

We are going to miss our hard-working neighbors, Mr. and Mrs. Lee Spain, but welcome their successor, Earl Dennis, who bought Spain's Bakery.

Congratulations to our friend, Spratlin, upon his promotion to the important post of Superintendent of Grenada Industries. He will make good there, as he has made god in every position he ever held.

Better buy that car tag in October and save the 25 percent penalty. Thank goodness, a "credit" does not have to have a tag.

Mr. Jesse Daniel, who as a small boy lived at Evergreen with the late Mr. R. W. Mullin, returned to Grenada recently to visit his childhood home, now the home of Mr. and Mrs. T. H. Meek. He was accompanied by his charming wife. Mr. Daniel is now president of a huge tool and die corporation in Los Angeles, California.

Nobody wants to get hard, of course, but tag buyers should remember that they MUST buy tags in the county where they live. Have some loyalty for your own county. Remember these important facts: most of YOUR tag money goes into the county road funds; and, second, the gasoline money is divided by the state in accordance with the number of cars registered in each county. If YOU buy your tag outside the county, the tag money does not reach Grenada county roads, and Grenada county is penalized to that extent in the division of the gasoline money. On top of all of that, you are likely to have to buy TWO tags, if you live here and buy a tag elsewhere. Self interest and loyalty should MAKE you buy your tag in your own county.

There is discussion in progress concerning the purchase by the county of the long, narrow Doak lot immediately north of the court house property. It has been figured that, by using the buildings on that lot to house the various things for whose housing the county now pays rent, the county would reimburse itself, and have some valuable property, in ten years. This idea is worthy of thoughtful consideration.

Did you know that Mississippi was a State which stands fifth in the matter of exporting breeding cattle; that a solid trainload of dairy cattle was recently sent to California from Mississippi and another solid trainload to Wisconsin? We did not know this until we heard it authoritatively from Si Corley, Commissioner of Agriculture of Mississippi.

Did you know that even Grenada County is being rapidly transformed from a cotton county to a cattle county?

Did you know that the dairy business has more rosy prospects for a longer time than any other industry; that, at present, a high market is open for these products for the army and for England, and that, come the end of the war, this nation must not only feed hungry Europe, but must also supply fresh breeding stock for that devastated continent?

A respectable newspaper, like any other stable business institution, has one price for all. It performs legitimate services and, if it has respect for itself, earns respect from the people of its community.

October 1-8 was Newspaper Week. Imagine, if you can, the country without a free press!! Imagine a community without a good newspaper!! A good community newspaper is the cheapest yet best assets a community can have. It is not a leach which sucks a community, but it is an institution that gives full value for what it receives.

Judging from his classified ad, Henry Ray is about ready to go out of the half-hand business.

Miss Rebecca McCaslin Died In Graysport Friday

Miss Rebecca McCaslin died in the McCaslin home in Graysport early Friday morning, October 3, 1941.

She was one of the daughters of the late A. J. McCaslin and wife, and was born in Graysport many years ago. She became a member of the Presbyterian Church in early life. She attended the common schools, then was graduated from Blue Mountain College, and entered a career as school teacher. But for many years, she and her sister, Miss Willie McCaslin, have lived alone in their comfortable country nome in Graysport where, on a couple of acres of land they made a good living raising chickens, fine calves, dogs, honey and other things requiring small space. She was a home-loving person and within recent years seldom came even to Grenada.

Burial was had at the Mt. Nebo cemetery Saturday with Rev. C. A. Pharr, pastor of the Presbyterian Church of Grenada, in charge.

Harry Parker, Rogers Parker, Talbert Yeager, Allen Brannon, Clarence Fly and Gene Gillon served as pallbearers.

Surviving her are two sisters, Miss Willie McCaslin, of Graysport and Mrs. C. D. McCallister, of Havana, Arkansas, and one brother, John P. McCaslin, of Calhoun City.

To the bereaved ones, we extend our sympathy.

Mrs. J. A. Vance Killed In Car Accident Saturday

Mrs. J. A. Vance was killed in an automobile accident about ten o'clock Saturday night on 51 Highway near the Kirk home, three miles south of Grenada.

According to information we have, Mrs. Vance had occasion to get out of her car and walk around the front to the other side of the car when a car, being driven by some soldiers from Camp Shelby, enroute to their homes in Wisconsin on furlough, struck and killed Mrs. Vance.

At a preliminary hearing before Justice M. McKibben, it was determined that the soldiers were blameless and the accident unavoidable. The soldiers were permitted to proceed.

Business And Professional Women's Club Meets

The Business and Professional Women's Club held its regular meeting October 7th with Misses Iola Bell and Virginia Fielder with thirteen members present. After the reading of the Club collect and a message from Dr. Minnie L. Maffet, a short business session was held.

The October program had as its subject "Strengthen Democracy in Our Town," and was most interesting. The guest speaker for the evening was Mrs. John Rundle, who gave an interesting and instructive talk on "Defense on Main Street" in which she pointed out a number of ways for us to strengthen different lines of Defense in our town.

Mrs. Nannie Alexander, Club secretary made an enlightening talk on "Freedom or Facism," giving each member a copy of an outline, in which was shown the difference in the privileges of the American people and way people under the rule of a Dictator live.—Reporter.

Grenada Hi D. O. Completes First Month

The Diversified Occupations department of Grenada High School is completing its first month of operation for the 1941-42 school year this week. 22 students are enrolled in the department where they study information related to jobs they are working on. These students spend a half day in school and a half day working each day. Four school subjects are taken, two of these related to the job they are working on. Their school study is for the purpose of giving them additional information above what they learn on the job to help them better to adopt themselves to the work.

Our students work is divided into two sections: Trade and Industrial, and Distributive Occupations. The former consists of these jobs that require skill of mechanical and manipulative dexterity; auto mechanics, machine shop work, general repair, and secretarial come under this classification. Distributive Occupations are those jobs that are connected with the distribution of all types of gods; agricultural, processed, and manufactured. All retail selling, jobbing, wholesaling, and service selling come under this classifications.

Our class has organized a Trade and Industrial Club, the purpose of which is to advance the principles of vocational training, give service to others, and cooperate in any civic improvements that our talents justify. Officers have been elected as follows: T. D. McLeod, president; Sidney Kettle, vice-president; Pauline Richardson, secretary; Mary Ida Odom, treasurer, Martha Johnsey, reporter; E. C. Litten, historian. Martha Johnsey, Mary Ida Odom and John Lee King comprise the program committee.

T. D. McLeod, Sidney Kettle and L. E. Norsworthy, co-ordinator of Diversified Occupations, attended a district meeting at Greenwood Tuesday afternoon. Arrangements were made there for a meeting in Jackson, October 14, at which time officers will be nominated for the state T. and I. club. —By Reporter.

George Hey Fox Buys The Jordan's Volunteer Store

Effective Monday, October 6, Mr. George Hey Fox, former employee of the Grenada Grocery Company, and a native of Charleston, bought out the stock and fixtures of the Jordan Volunteer Store from Mr. Carl Jordan and will, in the future, operate the store as a cash and carry store under the name, George Fox Volunteer Store.

According to an announcement, "It is Mr. Fox's intention to sell merchandise for cash - thereby putting him in position to meet present day merchandising problems - and passing on to the consuming public many, many savings, which it is impossible to do where a general credit and delivery business is done."

Mr. Fox plans to use the same personnel that Mr. Jordan formerly used.

Mr. Carl Jordan plans to open a retail grocery establishment in the building formerly occupied by Cooley Quality Grocery.

Ice Cream Supper at Turkey Foot Fork Saturday Night

An ice cream selling at the church at Turkey Foot Fork, Saturday night, Oct. 11, 1941. It is to raise money to finish paying for the parsonage.

We are happy to acknowledge receipt of an unsolicited renewal from Mrs. J. M. Windham, of Memphis.

No. 8 Highway today, with a 27-miles gap between here and Minter City, is like a beautiful woman with three front teeth knocked out by an irate husband. Let's get the gap finished.

ROY DOAK TELLS OF U. S. NAVY

"If you are within acceptable age limit there are many things a young man may do to be helpful to our country, at this time one of the best of which is to offer your services to the U. S. NAVY.

"The NAVY offers an opportunity to learn a useful trade, and you receive a salary while receiving instruction.

"If you enlist in the NAVY and give your time and thought they will build you mentally and physically.

"You will have an opportunity to travel, which is a good part of an education itself.

"The NAVY has excellent equipment to teach you any profession you wish to follow through life, and while receiving this instruction you live in comfortable quarters and enjoy the best of food.

"From personal experience I can recommend the NAVY to any young man who is ambitious."

The above was written by Mr. L. J. Doak, who was in the Navy during during the first World War.

Spratlin Made Supt. At Hosiery Mill

Effective immediately, Mr. O. D. Spratlin, who has been Personal Director at Grenada Industries since 1940, has been promoted to the post of Superintendent of the mill, taking the place left vacant by the resignation two weeks ago of Mr. Fred Clemens.

Mr. Spratlin is a native of Vardaman, Calhoun County, Mississippi; a graduate of Ole Miss of 1922; Superintendent of the Gore Springs Consolidated School from 1924 until 1935; County Superintendent of Education of this county from 1936 until 1940; for a brief time owner of the Spratlin Firestone Store, then made Personal Director at the hosiery mill.

Congratulations, Mr. Spratlin.

H. B. Caldwell, New I. C. Agent In Grenada

Mr. and Mrs. H. B. Caldwell, of Vaiden, are welcomed as new citizens of Grenada, and are making their home in the Alexander cottage on College Boulevard.

Mr. Caldwell is the new depot agent for the I. C. R. R. at Grenada, taking over the duties of Mr. E. M. Sherwood, retired. The Caldwells have one son, H. B. Jr., who resides in Durant. They are members of the Episcopal Church.

Dennis Buys Out Spain's Bakery On Green St.

Mr. Earl Dennis, having concluded a bargain to buy Spain's Bakery on Green Street, actually took charge on Wednesday morning of this week, and will continue operations, using the old name, Spain's Bakery. Mr. Dennis comes here from Water Valley where he owned the Water Valley Bakery, which he sold out. He is a native of Greenville, but, before going to Water Valley, operated a bakery in Okolona, and he comes here well recommended by the people with whom he formerly lived. His family, consisting of a son and little daughter, have an aaprtment on College Boulevard.

There will be, for the present at leest, no change in personel at the bakery.

After a brief rest from the ceaseless grind that has been their lot in the establishment and building of Spain's Bakery, Mr. and Mrs. Lee Spain will reenter business in Grenada.

J. C. Dabney Transferred; Longcay Takes Place

Effective Sunday, Mr. O. H. Longcay, formerly of Greenwood, became the Group Manager of the Southern Bell at Grenada, replacing Mr. J. C. Dabney, who was transferred to Biloxi.

Mr. Dabney has been in Grenada in the position of group manager since the retirement of Mr. C. M. Jones.

Lee H. Bratton Killed Near Oxberry Tuesday

According to meager reports, Lee H. Bratton was killed by Robert Orrell near the Greek Cunningham home in Beat Five Tuesday afternoon.

A preliminary trial, yet to be held, will determine the details of the slaying.

Resolutions of Appreciation Of E. M. Sherwood

Whereas; The words "Service above self, He profits most who serves best," have been, and are, an integral part of Rotary International and a stimulus to every Rotary Club and its individual members to honor and encourage the development of community and social welfare—providing the greatest good for the greatest number and

Whereas; it is an unquestioned truth that "the rendering of useful service, is the common duty of mankind, and that only in the purifying fire of sacrifice is the dross of selfishness consumed and the greatness of the human soul set free."

Therefore, Be it Resolved: That the Grenada Rotary Club is proud to recognize and honor our exemplary friend, E. M. Sherwood, as a man who never compromized a principle, never betrayed a friend, or ever deserted a worthy cause—a man who exemplifies the priceless virtues of superior citizenship by his daily life.

Be It Resolved Further: That the City of Grenada honors and esteems E. M. Sherwood as a valuable civic asset, a worthy example to the youth who will soon take our places. That we feel that few men have ever given fifty-seven years of continuous service to an industry with so great fidelity, efficiency, human interest and genial attitude and love for everybody.

Be It Resolved Finally: That a copy of these resolutions be given to our worthy and honorable friend and citizen and a copy be sent to the general manager of the I. C. R. R. the institution from which he so worthily now retires.

Presistent advertising is the kind of advertising that pays. Watch successful merchants not only here, but everywhere, and you will note that they are most liberal users of newspaper space. An ad now and then, unless some special bargains are offered, is almost valueless.

THE UNITED STATES NAVY

By HERBERT B. ALLEN

If a friend stopped you on the street and asked you, "What is the most important institution in the United States," what would you reply?

A lawyer would automatically reply, "The United States Supreme Court." A banker might answer, "The Federal Reserve System." A surgeon would probably tell you, "The Mayo Clinic, of course." And a newspaperman might instantly respond with, "The New York Times."

These are all most important cogs in the American machine, especially Pre-Supreme Court. Only constitutional lawyers on the inside of high politics have any idea of the full power of the Supreme Court—a power at times greater than that of the President and Congress combined!

But there is one American institution which today is more powerful than the Supreme Court, and without which the very existence of our Supreme Court might be actually endangered, that institution is the United States Navy.

You all know that there is a ceaseless rivalry between the two great branches of the Service—the Army and the Navy. Please bear in mind that these lines are written by a former soldier, not by an ex-sailor. I only wish it more possible to write of the army in the same vein in which it is possible to write about the navy.

There are fundemental reasons why the United State Navy is the most important institution in this country today. In times of national emergency, this country depends upon three distinct services, the Army, the Navy and the United State Marine Corps. The marines are a small group of soldiers of the sea, trained both a long naval and military lines and detailed to serve with the navy.

It has never been our policy to maintain a large and expensive professional army, well equipped and trained. So if war tthreatens we must use the army as a skeleton organization to which millions of civilians may be a signed for training. Our peacetime industrial system must then be converted to a wartime basis. We are all familiar with the frantic efforts now being made to train and equip our army.

But the navy is a vastly different proposition. It is not possible to build a navy quickly; nor is it possible to train officers and men in a short time to competently man even the small destroyers of the fleet, much less to maneuver the mechanical marvels which we call battleships and battle cruisers. No person who has ever been aboard one of these great and complicated vessels will doubt the statement that it is a great task to train naval personnel to operate the vessels.

Every type of work is done aboard a great naval vessel, from dentistry to photography, from gunnery to cookery. Every trade and profession is represented among the members of the crew, and if the giant battleship is to be handled successfully, there must be a high degree of skill and intelligence among the men of the navy. A regiment, a brigade, a division, or even an army corps, may be destroyed in battle; but they can be replaced in the army. But if a Hood, or a Bismark is destroyed, it is a matter of years before they can be replaced in the navy.

In the opinion of this writer the United States Navy is the most highly organized, and most efficient organization, under the American flag. In the U. S. Navy, the finest young men of this nation serve their country. Their SPIRIT is high—their MORALE is high-their COURAGE is high. They live under a splendid administration that permit every man to live happily among his comrades of the sea.

Those young men who elect to enter the navy are no nit wits or molly coddles. Yet the food served, the physical training given, and the Spirit of the Navy, actually makes a visible improvement in the appearance of the average young man during the first two weeks that he is in the navy. This is a remarkable fact.

In a high class organization of civil life, whether business or social, openings are only available to those men who possess character, ability and loyalty. Uncle Sam's Navy is his highest class organization—his pride and joy. Therefore only young men of excellent character, high spirit and genuine patriotism are wanted in the navy

If you are a young man possessing these fine qualities of character, and if you want to serve where your efforts will count, then join the navy.

If you want to be in a service where no tramps are admitted, where no growling and dissention mar the atmosphere, that service is the United States Navy.

If you want to really put your shoulder to the wheel and aid this grand country in a time of national peril—if you wish to take advantage of a remarkable opportunity to learn, and earn, and serve at one and the same time—then you are in the right frame of mind to join the greatest gang of live wires you will ever be privileged to see, the gallant gobs of the battle fleet of the United States Navy.

When your youthful heads in time turns grey,
And your eyes aren't quite so clear;
You'll know with what pride the Veterans say,
"Yes—I was a volunteer!"

The Community Newspaper

A good community newspaper that confines itself to its legitimate field—the community it circulates greatest in—occupies a position that is at present unchallenged by any agency.

A good community newspaper i s the cheapest yet the best asset that a community can have. A community is judged by those not familiar with that particular community by the newspaper that is published in that community. A community newspaper is in a sense the calling card of its community to the outside world. If it is a newsy, interesting, CLEAN and good-looking sheet, the receivers in the outside world will believe that the community from which this newspaper comes is a good, clean community. Yet a good community newspaper, while being a calling card for the community, gives full value for every dollar it receives either in its receipts from subscriptions, advertising or job printing. It costs the community nothing.

A good community newspaper has no potential competition anywhere. The birth of a child, if at all recorded in a metropolitan paper, appears half-hidden among stock reports, and so does the announcement of the death of a person. A few lines, half-hidden, if anything. The news of the birth or death in any of the homes of ordinary people never is broadcast on the radio, nor are the marriages of ordinary people If a community newspaper stays in its legitimate field—ITS OWN FIELD—it should endure forever.

A good community newspaper acts as a connecting link between the "home town doings" and the former residents scattered over the State and Nation. It may be true that the nearby metropolitan newspaper publishes notices of death, or notices of other important things BEFORE the press day of the community newspaper, but this nearby metropolitan newspaper does not go to readers in Miami, New York, Dallas, Los Angeles, Oregon, and to other distant places where the community newspaper DOES go.

Such a newspaper the Grenada County Weekly TRIES to be.

Inflation

We note that the big bugs of the Nation are trying to prepare schemes to avert terrible inflation. They are just about nine years behind this writer who, in 1932 when President Hoover began giving away stuff, predicted that, unless that tendency was checked, inflation further up the road was inevitable and inescapable. Some of our readers may recall that we put away a bale of cotton in 1932, saying at the time, if the then current spending spree continued (it has grown worse) the proceeds of that bale of cotton would pay all of the writer's debts. The cotton was worth 4 cents when put away; it is worth about 18 cents now. We still have it, and still expect to pay all of our debts with the proceeds of that bale.

Finish Number Eight Highway

State Highway No. 8 which, when completed according to the original plan of the federal government, will be paved from the Alabama line east of Aberdeen to Rosedale on the Mississippi River.

Today this road has either been paved, or is under contract for paving from the Alabama line to Grenada, and from Rosedale to Minter City. This leaves a gap, very vital both to Grenada and citizens in that part of the Delta, from Minter City to Grenada—an airline distance of approximately 27 miles, and as most of the terrain is level, there will be no necessity of making the paved road much longer.

Forgetting for the moment the vast benefit the completion of this gap will be to the Delta people and to the general public, let us look at the matter from a selfish standpoint. The completion of this gap will bring the rich territory along Tallahatchie River, Quiver River and the vast fertile empire west thereof, at least 20 miles closer to Grenada, to 51 Highway and to the main line of the Illinois Central railroad. It will open up Grenada County's last area of virgin land, the rich alluval land in the western part of Beat Five—which, when the dam across Yalobusha Riv · is finished, will be 95 or more percent cultivatable.

It is high time that our people in Grenada arouse themselves to see that our efficient highway commissioner, Mr. Lowry, of Houston, takes cognizance of this situation and that he do something about it when the legislature meets next January. While we are no prophet, we sincerely believe that the next legislature will appropriate thirty or more millions of dollars for the completion of the state's highway system.

Awaken, Grenada, and bestir yourself!!

How The Free State Votes

What the rulers of the free state of Tallahatchie cannot get by direction, they seek to get by indirection, and this is illustrated by their recent overwhelming vote for Wall Doxey.

As a matter of fact, the free staters were not particularly enamoured of Wall Doxey as they did not think that Wall had been "putting out" as he should to such an important county; but, having a native son whom they hoped to elevate to the office of Congressman, they rallied to Doxey, not so much to elect him, as to get rid of him. They want to elect our good Cascilla friend, Jamie Whitten, now serving his second term as district attorney, to succeed Doxey, and, by the way, we are puling for them.

Returning To Sanity

The election of Wall Doxey largely by the North Mississippi counties shows that North Mississippi has returned to its sanity. With a preponderance of votes, this section has permitted South Mississippi men to occupy practically all the important elective offices for the past two decades.

This shows what our section CAN do if its people STICK TOGETHER. This section can elect the next governor if its people will stick together, and can elect ANOTHER U. S. Senator at the proper time.

Personally we are tired of the pine rooters and rosin eaters of South Mississippi governing the State and occupying the two seats in the U. S. Senate. The tail has wagged the dog too long and it is a happy sign that Wall Doxey has been elected to the Senate, and this is being said without expunging the honesty or the ability of a worthy opponent, Ross Collins who, perhaps, had just as much ability as Wall Doxey, and who perhaps is just as honest as Wall Doxey is.

MacDOWELL MUSICALE

Thursday afternoon of last week, the MacDowell Musicale members, with a group of guests, enjoyed a most charmingly presented program of piano and voice selections at the Community House, against a patriotically flag draped back ground. Large bouquets of autumn flowers gathered from gardens in Grenada, were artistically arranged, creating a true atmosphere for the lovely selections of Mississippi composers, played and sung by talented members of the club.

At the end of the musical, Mrs. C. H. Calhoon read several poems composed by Mississippians. Mrs. George Granberry was commentator of the program and those appearing on the program were:

Piano: Miss Walker, Mrs. Juel Batson, Mrs. Dollarhide, Miss Wilkins, Miss Wilson; Voice: Mrs. Pleasants, Miss Louise Smith; Reader: Mrs. C. H. Calhoon.

Mrs. Granberry's opening remark, as the club came to order for the program sounded the key note of the afternoon's program.

She said, "'Twas Beethoven who said, 'He that can enter into the spirit of music, will be beyond reach of the world's misery,' so today we shall try to leave a world of misery and uncertainty and enter into the spirit of music of our own Mississippi." Mrs. Granberry discussed folk singing in groups by native Mississippians and the old English ballads found in Northeast Mississippi.

Mrs. E. R. Pleasants, President of the club, sang one of Mr. Deal's, of Greenville, songs. Mrs. Batson, at the piano, played two very delightful Mississippi compositions. Miss Walker played her own piano composition, much to the delight of the audience, also two other selections composed by Mississippians which were quite lovely. Two lovely solos were given by Miss Louise Smith and then Mrs. Roger Dollarhide played her own very delightful composition, and one that her talented husband had composed.

Miss Wilson and Miss Wilkins each delighted the audience with piano selections composed by Mississippians.

Mrs. C. H. Calhoon read quite a few lovely poems by native Mississippians and one especially appreciated was by her friend, Mrs. Dawson Winter, of Jackson, President of Mississippi Poetry Society, and a native of Grenada.

Among other composers spoken of by Mrs. Granberry, were two others well known to Grenada. They were, Mrs. Edna Eatman Kline, of Vicksburg, who was born in Grenada, who is an outstanding composer of flute and of piano music; and the well known Rena Humphrey, (now married and lives in Jackson), who have done an especially good job of composing.

Mrs. Calhoon's reading of "A Plantation Garden" by Mrs. Dawson Winter, was enthusiastically received, as were the other lovely poems by Mississippi poets. Mrs. Granberry said in closing the program for the afternoon, "a wonderous magic link with God, taking sometimes the place of prayer when words have failed, beneath a load of care," music that knows no race or creed, but gives to each, according to his need.

The MacDowell Musicale was organized in 1932, and their motto is "Culture, Courage, Courtesy." They selected the lovely Magnolia blossom as their emblem and they meet for music once a month on the first Thursday afternoon of the month. Mrs. E. R. Pleasants is President for 1941-42 year.

Miss Louise Smith, first vice president; Mrs. Thomas Grant, second vice president; Miss Mary Louise West resigned as recording secretary and Mrs. Juel Batson was elected in her place; Mrs. R. G. Brown is corresponding secretary; Mrs. Ernest Penn, treasurer; Mrs. B. C. Adams, librarian.

Program Committee: Mrs. George Granberry, Mrs. R. H. Herring, Mrs. J. S. Sharp; Reporter, Mrs. Thomas Grant.

Other musicians of Grenada who are members are: Mrs. Alonzo Billups, Mrs. Alfred Bryant, Mrs. J. L. Cooley, Miss Donaldson, Mrs. Dollarhide, Miss Elizey, Mrs. Walter Garner, Mrs. L. R. Holland, Mrs. John Leigh, Mrs. C. S. Liles, Mrs. C. A. Pharr, Mrs. Raphael Semmes, Miss Mabel Walker, Miss Olivia Wilkins, Miss Catherine Wilson.

The hostess for the club on Thursday last were Mesdames Adams and Herring and Miss Elizey. They served a delightful tea plate at the close of the program.

Mrs. Newt Rayburn expects to spend the week-end in Crystal Springs with her son and daughter, Mr. and Mrs. Harry Rayburn.

Miss Frankie Hitt spent the week-end with her parents at Slate Springs.

BATSON-SMALLWOOD

A beautiful Autumn wedding was that of Miss Ann Elizabeth Smallwood, daughter of Mrs. Clara Smallwood, of Belhaven College, Jackson, Miss., and Milton Monroe Batson, of Grenada and Camp Blanding, Fla., son of Mr. M. M. Batson, Sr., of Jackson, on Friday evening at eight thirty, October 3rd, 1941, in the handsomely appointed reception suite of the Helen White Memorial Dormitory, Belhaven College, Jackson.

The Rev. G. T. Gillespy, President of Belhaven College officiated in the double ring ceremony. The groom was attended by his brother, Mr. Juel Batson, of Grenada.

Miss Dowdy, member of the faculty in the music department at Belhaven, played the nuptial music, and Mrs. Caldwell talented teacher of voice at Belhaven, sang "Because." The wedding party entered the large reception room where the bridal altar was so exquisitely arranged by the placing of floor baskets filled with white gladioli, matching baskets with white asters and ferns flanked by two stately and branched candelabrum holding lighted tapers. These same lovely flowers were used throughout the reception rooms.

The bride wore a stylish Fall model of leaf green wool with mink collar and used wood bark accessories and shoes. She carried talesman roses in an arm bouquet tied with gold ribbon.

The matron of honor, Mrs. N. C. House, chose a lovely pale gold dress with brown accessories for the occasion and Mrs. Smallwood chose a stylish black chiffon dress with which she wore a corsage of American beauty rose buds. The bride is the only child of Mrs. Smallwood and the late Mr. Smallwood. She made her home for a while at Grenada College, when her mother was a member of the staff. Since leaving Grenada, has made her home at Belhaven College, where she is a junior.

Mr. Batson received his education at Pascagoula and Grenada schools, and attended college at Miss. State. As a member of the National Guard, Headquarters Battery, he entered military service last November and went to Camp Blanding, Fla. Mr. Batson has been promoted to Master Sargent of Hq. Bt. 140th F. A. 31st Division.

The happy young couple left immediately after the ceremony for a honeymoon on the Mississippi Coast.

Attending the wedding from Grenada were Mr. and Mrs. Juel Batson, Mr. and Mrs. H. D. Lane, Jr. Misses Anna Rose and Marguerite Finney and Edith Penn. Many other friends were present, including Misses Jean Marders, and Helen Horton, Belhaven students whose home is in Grenada.

Bobby Jones, of Keiser, Ark., spent Saturday with his mother, Mrs. Annie Jones.

IRIS CLUB MET FRIDAY

The Iris Club held a most enthusiastic meeting at the home of Mrs. F. A. Stacy on Third Street, Friday afternoon. Fourteen members were present. Charmingly arranged autumn flowers, pink and blue predominating, were used in the reception rooms.

Mrs. J. K. Avent, president opened the meeting by first discussing routine business and then introduced the two members who discussed Iris planting and culture in a most enlightening way. Mrs. E. R. Proudfit and Mrs. Jim Keeton were on the program and their discussions on "When, how an where to plant Iris," and "Iris pests and diseases" caused each member to resolve, that in the months between now and the natural blossoming season for Iris, to devote more time and attention to their plants that their Iris may be in excellent condition next Spring. The club was again reminded that the Grenada Iris Club "will stage its Iris Pilgrimage in the Spring of '42. The Iris Club wishes to impress all garden or home owners, with the fact that there are species of iris suitable for blossoming in every month of the year. Several Grenada gardens have Iris blossoms every month. The November meeting will be announced in this paper.

MRS. ETZWEILER HONORED

Summer and Autumn flowers vied for excellency of beauty at the home of Mrs. Frank Gerard on College St., Monday morning at ten o'clock when she received guests at her lovely home in honor of her sister, Mrs. George's guest, Mrs. Charles Etzweiler, of New Orleans.

The guests were received on the screened porch, furnished as a Summer living room, amid lovely flowers arrangements featuring pink dahlias arranged with mountain asters ex-[illegible] blue, and crystal vases filled with pink and red radiance roses. At intervals low bowls filled with marigolds added an Autumn color note. The living room featured two handsome arrangements of roses. One placed before a slender mirror. The other near the piano. In the dining room brillian zennias in all rich colors were arranged in a low yellow bowl.

The refreshment table held trays of delicious sandwiches, canapes and sweets. Tall glasses filled with crushed ice awaited the pouring of Coca-Cola.

Those privileged to attend this lovely affair were the following ladies, Mesdames L. J. Doak, Anna Cross, E. L. Wilkins, G. D. Ross, W. E. Jackson, R. W. Sharp, J. L. Townes, Jr., O. H. Bland, Raiford Brown, H. W. Baker, J. W. Bradley, E. R. Proudfit, O. F. Lawrence, E. L. Marders, B. C. Adams, W. H. Saunders, J. B. Perry, Jr., Knox Pierce, and Miss Adel Hoffa.

TWENTIETH CENTURY CLUB

Tuesday afternoon members of the Twentieth Century Club met at the home of Mrs. J. C. Prose for their third meeting of the year. Miss Estelle Turner was hostess with Mrs. Prose.

For this occasion the home was decorated with lovely garden flowers, radiance roses predominating. The guests were seated in the living room which is spacious and most charmingly arranged.

Mrs. J. K. Avent, President, conducted the business session and introduced the members on the program. A gift of $50.00 was placed in the library fund by the club.

The afternoon program consisted of two discussions, the first "Why Europe Fights" was given by Mrs. J. B. Perry, Sr. Her paper was based on the book "Why Europe Fights" by Millis.

Mrs. John T. Keeton discussed "Backgrounds and Issues of the War" Fisher; both Mrs. Perry's and Mrs. Keeton's discussions were received with grave attention by the group, showing that the women are conscious of the terrible seriousness of World affairs and of our possible and very probable entanglement of military anticipation in the war in the near future.

Two guests, other than members, shared the afternoon's program and social half hour. They were Miss Hammond and Mrs. E. T. Hill, a sister of Mrs. Prose.

During the social half hour the hostesses served a beautiful plate containing orange sherbet, chicken salad sandwiches and fudge cake.

On Sunday afternoon, Mrs. Blanche Mattingly of University, Mississippi visited in the home of her brother, Mr. Will Martin, and Gus Gerard of Ole Miss visited his parents, Mr. and Mrs F. T. Gerard. Miss Ethel George Nichols of Ole Miss, who had spent the week end with her parents at Tie Plant retured to tthe University with them.

Captain Max McCormick of Camp Blanding and Mrs. McCormick of New Orleans spent the week end thru Wednesday with their friends, Mr. and Mrs. Jim Keeton and with Capt. McCormick's parents in Kirkman.

Mrs. E. R. Proudfit enjoyed a delightful visit in the home of one of her relatives in Memphis recently, also a visit with her son Duval who is in school in Memphis.

Mrs. Lizzie Duncan was called to the bedside of her sister, Mrs. Nance in Jackson, Tenn. early this week.

Ray Horton, United States soldier at Camp Beauregard, spent a short leave with his parents, Mr. and Mrs. Finley Horton, and family the past week-end.

James F. Fields, of the Army Air Corps, most recently in maneuvers in Louisiana, but stationed at Selfridge Field, Mich., made a surprise visit to his father, Mr. B. O. Fields, and family Saturday.

Mrs. Ernestine Martin, who was at the bedside of her sister in Batesville all of last week, was at home on Saturday and returned to Batesville on Sunday to be with her sister again for several days.

Mrs. Ed Nored is employed at Grenada Auto Co., as bookkeeper, taking over the job held for several years by Miss Joyce Matthews.

Miss Martha Bess Brown returned home on Friday of last week from Birmingham, where she visited her sister, Mrs. Sam Houston.

Editor and Mrs. Whitaker and daughters, Carolyn, of Grenada, and Dorothy, who is attending school at All Saints' College at Vicksburg, attended the State Press banquet on the Robert E. Lee roof Sunday evening.

Miss Bettye Sherwood, of Tupelo, spent part of last week with her parents, Mr. and Mrs. W. J. Sherwood. She attended the banquet given in honor of her grandfather, Mr. E. M. Sherwood on Tuesday evening, by his associates and dear friends.

Commander and Mrs. Charles Etzweiler, of New Orleans, were guests on Sunday and Monday of their friend, Mrs. A. W. George. Commander Etzweiler is Captain of the Port of New Orleans, and he and his wife are on a brief vacation trip which will take them to Washington, D. C. and Norfork, Va.

Mrs. J. G. Pendergrass is spending this week in New Orleans with her mother.

Mrs. E. T. Hill, of Elliott, was the guest of her sister, Mrs. J. C. Prose early this week, returning to her home Thuadry.

Mrs. Ed Backstrom, Mrs. Ruby Whitson Taylor and Mrs. Mastes Moore came from Water Valley Wednesday to attend Synod held at the First Presbyterian Church in Grenada on October 7-8.

Miss Marjory Chapman, student at Belhaven College was at home the past week-end.

Mr. and Mrs. Spivey Kent and Mr. and Mrs. David Dubard will attend two football games this week-end. On Friday night they will see the Ole Miss-Georgia game at Athens and Saturday will attend the Georgia Tech-Notre Dame game at Atlanta.

Us Presbyterians certainly did have a big to-do the first of the week.

Sgt. J. S. Sharp, Jr., of the U. S. Air Corps, whose home base is now Drew Field, Florida, is spending ten days at home with his parents, Dr. and Mrs. J. S. Sharp.

Sambo Waldrup returned Sunday from a visit with his cousin in Greenville.

Mr. and Mrs. Cecil Hendricks, Mrs. Guy Mann and Miss Sarah Elmore spent last Friday in Greenwood. They were the guests of Mrs. G. W. Stringer.

Miss Julia Lyons, of Houston, Tex., has returned home after a three week's visit with Miss Sarah Elmore.

Much obliged to the insurance boys for their annual ad.

If what you see in this newspaper concerning the U. S. Navy interests you, be sure to tell the Recruiting Officer that you did become interested in that manner.

Jack Sanderson, of Grenada Bank has authorized us to send the GCW to his sister, Mrs. Ivy W. Crawford, in Fayetteville, Arkansas, where she is teaching.

DYRE-KENT'S GRID PICKS

In last week's pick we had three to tie for first place—Lambert Gammon, William Winter and Scraper Lockett—with 13 out of 15. Lambert Gammon's name was drawn for the winner of the free drinks for the week. Remember it is still not too late to win the free ticket to the Ole Miss-State game and free drinks every week. Just eight players the first week which makes your chances good. Get your pick in before noon Saturday or before Friday night if you want to pick the Ole Miss-Georgia game. This will not count against you but you have a chance to gain a game, provided you don't pick the wrong team.

THANKS FROM THE SPAINS

We wish to thank the people of this community for the fine business they have entrusted us with during the more than ten years we have operated the Spain Bakery. We have attempted to the best of our ability to sell wholesome and varied bakery products at reasonable prices and to make prompt and regular deliveries to our customers.

Having sold our business as of October 6th to Mr. Earle Dennis, formerly of Water Valley, who will continue to operate the bakery under its old name, and we commend him to our friends, for we believe that he will serve the public as we have earnestly sought to do. We urge you to patronize the Lome bakery.

Again expressing our gratitude for the nice business we have enjoyed, we are, Sincerely,

MR. AND MRS. R. L. SPAIN

The road that Grenada needs most now is the extension of No. 8 paved highway to the west. If Mr. Lowry can be pursuaded to close the 27-miles gap between Minter City and Grenada all of which is in his territory, such an extension would be of incalculable benefit to the people all along No. 8, as well as to Grenada itself

The writer who, as supervisor of District Five, blazed the trail by building a connecting link, and Jim Elliott, present supervisor of that district, who graveled and improved what the writer built, believe in the value of such a road. It is now up to Grenada people and others interested to seek Mr. Lowry's cooperation in putting a paved link in this gap.

Speaking of supervisors, our board was in "setting" two days this week.

Ask our Navy Editor, Mrs. Whitaker, or the Recruiting Officer at the post office for literature about the benefits of this service. Uncle Sam is building naval vessels faster than he anticipated, and he needs men—good men, alert and intelligent men. Earn and learn while you serve.

As Service Officer of the American Legion I will do everything possible to help veterans fill out their papers. I have a supply of the more common forms.

This war gave a great impetus to the marrying business.

Somebody said that Roy Doak blossomed out in new pants, new shoes, and a new hat Sunday.

Cousin Arthur Williams, of Holcomb came in without being dunned or sued and paid his subscription Tuesday.

We have been doing a good deal of job work, but can do more.

"Extend No. 8 Highway to the West" should be one of Grenada's aims.

Naturally nothing is known definitely yet about the army camp, but we do know that the Grenada site is a "live" prospect for the location of a new camp.

It is going to take shrapnel, not songs; bullets, not ballads, tanks, not talk to win the war against Hitler.

Quite a number of the "home company" soldiers are home on leave.

It was but an envelope containing a dollar fifty check that came in from Dubard, but that remittance from Vassar Dubard was most appreciated and the proceeds were used for good and legal purposes.

I guess Bilbo will have to get some TNT to blast Rol-em Wall from the Tower Building. Bilbo has made himself sort of ridiculous talking about Rolling Wall. Maybe, he can burn the building, like the fellow did to get rid of the rats.

Little John Ben Perry made an appreciated call at the GCW office Friday.

Harry Burkley bet me 3 to 2 on Alabama, and look what happened to him!!

Our backdoor neighbor, Miss Mary Ella Collins, the technician at Grenada Clinic, remembered us with a $1.50 check.

We had to cut off about forty deadheads last week to make room for paying guests.

Hitler has bitten off more than he can chew and digest, it seems. No world conquerer ever stops of his own accord. He must be STOPPED. Hitler WILL be stopped further up the road.

The drought continues in Grenada and Grenada county. The sheriff and his men, and the city marshal and his forces, are to be commended for closing the saloons in andabout Grenada. A prominent licker drinker stated he had to go plum to Yalobusha county for the stuff that cheers when going down and feels like it has fish bones in it when it comes up. Our saloonkeepers are beginning to see that there is really, after all, a prohibition law in this community.

The sales of Defense Stamps and Bonds continues to be awful slow. No better investment can be bought.

Our boys, now at Camp Blanding, should be acclimated for Africa when they get through in Blanding.

Mark this down: in two months, the United States will actually be in war. We have virtually been in war for a year.

District Educational Conference Oct. 6

"In order to go to school, what do you do the first thing?" Of course, you have to get up! We decided to take a census to find out the "rising" time of some of the G. H. S. students. Careful statistics show that 32 percent of them get up before seven o'clock and the remaining 68 percent of them get up after seven. Here's a list of the ones we asked and their answer:

Margaret Green, 6:30.... Billy Guy Thomas, 7:15; Lou Avent, 6:30; Jack le Lane, 7:15; Libba Horton, 7:00; Rowe Rhett, 7:00; Jack Calk, 6:30; Beebe Cullen, 7:30; Marguerite Stanley, 6:30; Patty Stockard, 6:00; Mary Ida Odom, 7:00; Blanton Duncan, 7:00; Martha Johnsey, 7:15; Rogers Pleasants, 15 'till 8; Buddie Avent, 7:30; Giles Patty, 7:00; Ruth Lee Morrow; Sybil Roane, 6:30; Mary Elizabeth Cowan, 6:00; Leon Provine, 7:30; Merritte Clogston, 6:00; Anne Odom, 7:00.

If the old saying, 'The early bird gets the worm," proves correct, Patty Stockard, Mary Elizabeth Cowan, and Merritte Clogston would be sure to get the worm. Poor Lil York and Rogers wouldn't ever get anything to eat.

"NAVY INTELLIGENCE"

Is it necessary to be a high school graduate in order to enlist in the Navy?

No. Navy enlistees need not be high school graduates. All applicants will be given an examination containing approximately 100 questions. A grade of 50 per cent or better on this examination is sufficiently high to pass the Navy educational standards. However, a high school education will be valuable to the seaman during his Navy enlistment.

• • •

If I enlist in the Navy or Naval Reserve, will I be sent to a Navy Trade School?

All new recruits are sent to one of four Naval Training Stations and after a training period they may take examinations for entrance into Navy Trade Schools. Those recruits who pass their examinations with sufficiently high grades are sent to Navy Trade Schools before assignment to the fleet. While attending these schools, they will receive regular Navy pay and free schooling valued at $1500.

• • •

What is the greatest possible pay I can expect to earn during my first term of enlistment?

It is possible to earn as much as $126 a month by the end of your first term of enlistment, and remember that your clothing, lodging, medical and dental care are all supplied free.

• • •

After I have served my term of enlistment, what benefits do I get for re-enlistment?

Depending on your rate and length of service, you can get a cash bonus up to $300 plus 30 days leave with pay.

• • •

What does the term "ash can" mean in the Navy?

An "ash can" is a slang term applied to the depth charge used to combat submarines. The average "ash can" is a container filled with approximately 300 pounds of T.N.T. and can be dropped overboard from a ship and so controlled as to explode at depths ranging from 36 to 300 feet. These are generally carried by the fast ships in the fleet, as a boat dropping a charge regulated to explode at 70 feet depth must move away from the explosion area at a speed of 25 knots or more. These "ash cans" are either rolled off the stern or shot from "y-guns" which hurl one right and one left simultaneously.

Sorry to hear that our old friend, Van Browning, sustained a stroke recently, and hope he will be on his feet again soon.

Mr. E. V. Horn, brother of our Mr. Horn, is visiting the latter Mr. Horn and family. Mr. Horn's home is in Eastman, Georgia.

Speaking of Oxberry, Will O'Bryant and son of that community came in to see our new quarters recently and approved them.

Harry Burkley must be losing his judgment as he bet me 3 to 2 on Alabama against the Miss A. & M. College.

Close the gap in No. 8 Highway. It is only a 27-miles gap between Grenada and Minter City.

Burts Enjoy Two Weeks Trip In The West

Mr. and Mrs. W. K. Burt recently returned from a fine trip to various parts or the West. They visited kinspeople, many of whom they had not seen for fifty-three years in a number of cities in Texas; they also visited relatives in Phoenix, Arizona, then on to Los Angeles, California, where Mrs. Burt has a son. Returning they came by Nature's most magnificent dams, the Grand Canyon of the Colorado, thense thru Oklahoma, where other relatives were seen, thence along No. 70 Highway thru Arkansas, thence home. They made the entire trip by train, and arranged their itinerary so that, so far as possible, their travels were by daylight. These estimable people, natives of Montgomery county, have lived in Grenada about 5 years. Mr. Burt is a valued employee of the Woods Products Corporation.

Daniel Carter, an old colored friend and neighbor at Oxberry, saved some of his seed money and paid us three dollars recently. Dan has lived on the Dubard place near Oxberry for twenty or more years.

Shelby Bound

The following white men were ordered to report to the local draft board for transportation to the Induction Center at Camp Shelby on Monday, October 6, 1941: Horace F. Jennings, Harrisville, Miss; U. G. Gatlin Jr., Route 5, Grenada; Earl H. Lowery, Route 4, Grenada; James R. Downs, City; L. Q. Harville, Elliott; John W. Willis Jr., Route 4, Grenada; Thomas O. Nash, Route1, Grenada; Edward Penn, City; Douglas W. Durham, Route 1, Holcomb; Richard N. Carver, Holcomb; Charles F. Marascalco, City; Clinton Williamson of Route 1, Tillatoba; William F. Gray, Big Creek; Melvin G. Hunt, of Route 2, French Camp; L. D. Blakeley, City; Lavel Thigpen, City; John R. Huffman, Holcomb; Vule A. Melton, Big Creek and Edward L. Anthony, Holcomb.

BUILD . . REMODEL . . OR REPAIR!

RISING prices won't wait for you to make up your mind to build, remodel or repair. National Defense activities are increasing the demand for building materials and labor, therefore prices are being forced up.

Right now is the opportune time to build a new house, or rejuvenate the old homestead. Each day you put off the start of your building program finds building costs that much higher.

Call us today or tomorrow . . . not next week or month . . . and let us help you make arrangements. Our help, information and estimates are free of cost and obligation.

BUY AUTOMOBILE TAGS IN OCTOBER AND AVOID 25 PER CENT PENALTY

The law requires that 1942 Automobile Licenses and Tags be Purchased in October. This is a state law beyond our control.

A PENALTY OF 25 PER CENT HAS BEEN FIXED FOR THOSE WHO DO NOT COMPLY.

You are required to bring in your old Tag as it will be used in National Defense, and your motor number.

If you live in this county and buy a tag in another county, you will be required to buy another tag here.

EDITORIAL

A wise man once said, "Procrastination is the thief of time." This statement has never been proved false and doubtlessly will never be. Many times a day you'll hear some student here in our own high school say, "I'll just put that assignment off 'til tomorrow and just hope that I'll get by." Some of them probably "get by" in the sense that the teacher doesn't make them stay after class or give them a low mark, but in another sense these pupils are just deceiving themselves. By putting off things that should be done at that time until a later moment, they are crippling themselves to the degree that they will probably make a habit of this "putting off."

If we'd try to make a habit of not putting off things until the last moment, we'd see that this promptness would help us not only in school but in all the rest of our lives. So each time you decide to put your English or Geometry off 'till the last moment, think of the fact that there is no time like the present.

CHAPEL

Last Wednesday at the assembly program, several patriotic songs were sung. Mr. Rundle related events from the life of our philanthropist, Peter Cooper, and the obstacles that he endured before accomplishing an initial success. Peter Cooper was born in New York in 1792, the son of poor parents. However, with a will to do what he felt was his task, he gained an education, rose to fame as an inventor, and gained a fortune. Peter Cooper, in spite of these things, is best remembered by the institution that was so dear to his heart, the "Cooper Institute." Mr. Rundle made many comparisons between our opportunities and Cooper's, showing us how we may become a benefit to our country instead of being drifters.

BULLDOGS CLAWED BY WILDCATS

Last Friday night, the Louisville Wildcats defeated the Grenada Bull dogs, 26 to 0, at Proby Field.

Louisville began its scoring in the second quarter when Louisville's halfback went around right end to score. It was also in this period that Thompson's pass on the Louisville 30, was intercepted by Hudson, and was finally carried over for a touchdown by Bill Johnson.

In the third quarter Hudson tossed a 24 yard pass to Herrington, who made 60 yards for a touchdown. Toward the end of this quarter, Hill intercepted one of Thompson's passes on the Grenada 40, and ran 60 yards for the final score.

This game was a real test for the Bulldogs and we hope that they learned something which will help them in the rest of the scheduled games. We think our boys played a fine game and wish them good "luck" in the balance of their games.

G. R'S. HAVE RECOGNITION SERVICE

The Girl Reserves held their recognition for their new members Thursday in the Home Ec. room.

Mary Lou Cullen led in prayer and welcomed all the new members.

Louise Avent made a fine talk on how a girl could become a true Girl Reserve.

Several songs were sung by the group. The meeting was closed with a prayer by Miss Haynes.

DIRT

Sniff! Sniff! Everyone seems to have a cold after the wonderful game Friday night.

"Lo, the mighty has fallen!" Roy Honeycutt was at the show Tuesday night with Beebe Cullen

Bernice Jones has been letting herself get squired around by Billy Goree of Kroger Store. They were together Sunday.

Our star reporter, Pleasants is working his hands to the bone at Grenada Drug. Putting all kidding aside, he has a job up there.

Polly lured Eddy Ellis, a newcomer to our high school, into sitting by her at the Andy Hardy show Tuesday night.

All the seniors are all excited over the prospect of getting new class jewelry.

Just for the information of all, Poor Keeton, better known as "Ole Miss's greenest freshman, went Phi Delta Theta. We are not sure but we think Billie Semmes, State's greenest freshman, went Kappa Sigma. Here's hoping they don't neglect their duties by carrying too many upper classmen's laundry bags.

Everyone is envying Bennie Cohen who has been getting quite a few holidays here lately.

Dot Talbert was with John Purdy Sunday night.

Rowe Rhett is the school's hero now after running so many touchdowns Friday night. In fact the whole team is to be looked up to for playing so well. Here's praying that we will be victors over Louisville. (This was written before the calamity)

You could tell that Mary Nell was feeling good Friday night by the way she was strutting with the band. She really looked cute!

The Glee Club is planning to have a grand time on the picnic Tuesday afternoon.

Ole Miss Boy: I've got a boy I want you to meet.

Winona girl: Is he good-looking?

Louisville girl: Can he play football?

Water Valley girl: Is he bow-legged?

Holcomb girl: Is he intellectual?

Gore Springs girl: Can he play basketball?

Grenada girl: Where is he?

Percy: Teacher, I want you to come to my house Tuesday for dinner.

Teacher: But, Percy, you're passing your work.

Poor Manty Dalgre. He's already eaten four physics books and he still doesn't know it yet. Emmett has eaten only two

As she looked sadly into the coffins, she sighed, "Mummy." It was a famous archeologist and Pharoah III's mother-in-law.

Have you seen Bernice's birthday ring A certain Johnny Lee King gave it to her.

STYLE HIT PARADE

Old Mother Nature seems unable to make up her mind about whether the weather shall be hot or whether the weather shall be cold. If she doesn't make up her mind, the G. H. S. girls are going to do it for her, as they are tired of wearing a wool skirt one day and an organdy jumper dress the next.

While the cool weather was here we saw:

Mary Nell Rayburn diked out in a blue corduroy jumper dress with a white blouse.

Louise Avent in a red flannel long sleeved blouse with a red and brown and most any other color skirt.

Our chivalrous Martha Johnsey, Lib Horton, Polly Richardson, and Bernice Jones wore long sleeved pink sweaters to the game Friday night. From now on they're planning to wear white skirts and sweaters.

Irma Morris, a new Freshman girl, has the most adorable necklace. It is made out of wood carved in the shape of fruit and vegetables.

The girls practicing basketball looked so nice in their summer shorts and white tennis shoes. (See Ruth Lee Morrow's.)

While the warm weather was here we noted:

Lil York in a blue and white checked pinafore dress with rick-rack on the straps. With this she wore a white blouse trimmed with lace.

"Fatie" McCormick wore some beige shoes that were really cute.

Helping to Keep Prices Right

The month in which this advertisement is published (October, 1941) will find the Illinois Central System handling one of the largest volumes of freight traffic for many years, if not in all its history. The same will be true, almost without exception, of practically all the active railway mileage in the United States.

Levels even higher are predicted, moreover, for the corresponding months of 1942 and 1943, provided national rearmament continues its projected pace.

That's DEMAND—and it comes face to face with what is still a rather limited SUPPLY. In most markets that would be a signal for a rise in price, a rise which would be reflected beyond in ever widening circles, as a ripple goes out over a pond.

But not so on the railroads. Their charges seldom rise merely because the traffic will stand it. They rise—and will rise in the future, if they rise at all—only upon a showing that railway expenses have been markedly and unbearably increased.

A factor in the price of every commodity is of course the sum of the transportation costs entering into its assembly and delivery. Therefore an important stabilizing factor in prices today is the knowledge that railway rates as a whole are actually LOWER than they were even at the start of the depression and very substantially BELOW their peak of 1921.

That's ONE REASON average wholesale prices have risen only a little more than 20 per cent in the last two years of emergency—and that means correspondingly greater protection to the customer who buys at retail.

Only in AMERICA

"The hand that rocks the cradle rules the World" — an old saying but in America, at least, it is still true. Today, the American Way of Life has become a most cherished heritage because mothers have instilled into children — generation-after-generation — the fundamental principles of individual initiative and free enterprise — corner stones upon which this nation was built and upon which we have erected our present high standard of living. The baby provides a perfect example of what individual initiative and enterprise mean to us. ONLY IN AMERICA can a child, fired with enough courage and zeal, aspire to become president or go forth from the most humble of surroundings to positions of importance in business or the professions.

This company and its employees are glad that modern Mississippi Power & Light Company cheap electricity — in home, office, store, factory, and on the farm — gives you more time to help maintain our American Way of Life.

Captain Max McCormick, now with the Headquarters of the 114th F. A. instead of with the home company, is no longer able to borrow a copy of the GCW, he, while here on a brief leave Saturday, subscribed in his own name.

Sug Estes entertained about a dozen of his friends at a barbecue Saturday night. Everybody reported a full tummy and a hearty feeling.

Grenada has a darn good chance of getting an army camp in the near future. Of course, it was idle to try to get the officers to commit themselves about the matter (in fact, we did not) for they are sent here to make surveys and make report, and not to waste their time in gabbing with civilians.

Somebody said that Ike Stone was "agin" the dam dam. If Uncle Sam wants to build it, it will be built in spite of every considerable opposition. The old rule of the greatest good for the greatest number will govern in this case. If built a number of families with natural and inherent reluctance to move from their lands, will be bought out and forced to move, and that's the pity of the situation

Gene Pyron must have sold some persimmons, as he made little cotton, for he came in and renewed his charter membership.

Aint they sweet

Dear Turner Bailey: one of our switch boxes gets mighty hot and occasionally blows a fuse. What shall we do?

We are sorry to report that a lady was killed on 51 South Saturday night

Miss Gretell Childs, of Pleasant Grove precinct and Chapel Hill neighborhood, renewed Saturday. Thanks

Bet Horn has been pretty busy here lately buying up the poor farmers' cotton, and we gladly report that he is living a good Christian life

Our friends, Mr. and Mrs. Herbert Allen, are visiting relatives in Hot Springs for about ten days.

Quantrell's handsome new building on 51 Highway is rapidly approaching completion.

Our good old Oxberry colored friend, Jim Perry, took about four bits worth of the GCW, with some of his seed money.

The old lady spent Friday and Saturday getting her books on three tenants straightened out. Aint bookkeeping a mess?

See where Jim Arrington named his son Jim, Jr., Why didn't he name him Mike Conner Arrington

Our printing customers kept Harry, Horn and Andrew out of devilment Friday and Saturday, and we hope they do it again

If I can ever get a little ahead I am going to buy some defense stamps and maybe a bond.

This has been the dannest Summer on record, as summer, hot as the hinges of hell, has gone over into the Autumn.

Pay your subscription.

The WPA road work has been materially reduced in this county, as more and more men have been separated from the service.

There is a dearth of cooks in Grenada, as score of them have been attracted to the cotton fields.

Added to the list is the name of Mrs. Irene Adams, valued telephone company employee, now ill at her old home in Brookhaven.

Mark our prediction: Tom Bailey will be the next governor of Mississippi. He has never quit running.

Mark another prediction: the people of Mississippi will return Wall Doxey to the U. S. Senate for the full term beginning in January, 1943. We doubt that any one will have the temerity to run against him.

There are a lot of good-looking widows in Grenada.

You cannot get ahead of Willie Friedman. Keene Huffington bet him 3 to 1 on Louisville football team. Louie then found somebody who bet him even money on Grenada football team. Can you beat it.

Our subscribers in the camp are reaping a golden, if white gold, harvest this Autumn. Several of them are behind with their subscriptions. Gentle hint.

The stork has checked up a little recently.

If Stalin can keep his armies intact, Hitler will NEVER conquer that vast country, Russia.

We folks who own our own homes and our own places of business will be sitting pretty if the army camp comes, and if we do not go hog wild.

A tired old man just walked in, told his sad tale, which, I believed, and received a quarter. The gratitude that he expressed was certainly more valuable than the two bit piece.

Poor Mississippi.

That fellow in Georgia who, before killing himself, wrote a note to the effect that he was tired of politicians and wanted to do his bit to rid the country of them, had a good idea, if a drastic one.

Maybe when that fool parachutist gets down from that rock in Colorado he will have sense enough to stay on the ground a while.

Mrs. Gertrude Marders, one of our valued charter members, is in good standing on our books again

If anyone wants to find out anything about starting a newspaper in a highly competitive field, ask the old lady or me. We know plenty

At The Press Conventiou

The old lady, our two girls and I attended the meeting of the Mississippi Press Convention Sunday and Monday.

Thanks to the two Jackson Paper houses, Jackson Paper Company and Townsend Paper Company, for a most appetizing banquet and for some nice entertainment thereafter.

While I came home early Monday morning, the old lady and Carolyn remained over for the Dutch breakfast at the Robert E. Lee Hotel, to the box luncheon provided by the City of Jackson and to enjoy free attendance at all of the attractions at the State Fair. They also were privileged to participate in the "peerade".

The Robert E. Lee Hotel let us pay our room rent in advertising. This hotel is a credit to the City of Jackson.

Jimmie McCorckle, the new president, presidented very acceptably.

Mary Cain, who last week got out her interesting weekly without assistance, except the casting of the mats, certainly did not look like a printer's devil. Far from it.

Brother Kennedy's wife came with him, so that gentleman stayed straight THIS time

The one sour note—to my notion—was when five young men, well within military age and apparently strong and healthy—sang "God Bless America". They should help God bless America by enlisting in some branch of the armed services. Singing "God Bless America" is not going to stop Hitler.

Everyone missed the venerable editor of Monticello, Joseph Dale, who passed to his reward last Saturday morning. He was continuously in harness in the newspaper business he estab lished for 53 years. May he rest in peace.

While the temptation to stay there Monday and see the hoochie coochie shows, and other things of that natural, was strong, the urge to get oack and keep Greenfield and Horn busy was stronger.

The City of Jackson, like the City of Grenada, is a clean, orderly community, and one of which Mississippians may well be proud.

We do think that Jacksonians are rather sanctimonious in that they deny the picture shows the right to remain open on Sundays. There's nothing harmless to do there on Sunday except go to church, then home and study the Bible. Few, however do that, for they frequent the road houses, the undercover crap games and the undercover saloons, or go to Vicksburg which is, and has always been an "open town"

We noted many soldiers strolling aimlessly around Sunday night. Had picture shows been open, these boys could have had some harmless amusement, but, as it was (according to my guess) many of them fell prey to the twilight sisters and the soiled doves of which even the sanctimonious Jackson has many; or the soldiers sought the road houses and other illegal places.

Skipper Meriweather and wife were missed at the assembly, as they always are when absent.

We have again added the two Gerard boys, Lt. Frank Gerard at Riverside Military Academy in Gainesville, Florida, and Gus Gerard, President of the Student body at Ole Mess, to our mailing list.

HOLCOMB NEWS

Our mid-week prayer meeting is consolidated now, meeting at the Baptist church one week and at Methodist church the next, there were eleven present last Wednesday night at the Baptist church. Rev. Garner made a very interesting and instructive talk. He had a miniature display of the Tabernacle, with the outter courts and the "Holy of Holies" and the "Mercy Seat," which he explained. Wish more would attend these services which are strengthening to our spiritual lives.

Rev. and Mrs. A. W. Bailey accompanied by Mr. and Mrs. J. L. Carver, of the Sparta community, were visitors in the home of Mr and Mrs. Henry Frederick, of Money, on last Wednesday. Mr. and Mrs. Frederick are members of the Sparta church

Mrs. Fulton McRee and daughters-in-law, Mesdames Jack and Kirkland McRee and baby daughters, Rose Mary and Ann Norris, were Memphis shoppers on last Friday.

Mr. Andrew A. Fonville, of Gary, Indiana, is visiting relatives here for a few weeks. He expects his brother, Peter Fonville, of Ardmore, Okla., the latter part of the week to join him in his stay in Mrs. Gertrude Fonville's home.

About ten of our men from here left Tuesday afternoon for a "camping, hunting and fishing party" of three days duration on the Wolf Lake.

Mr. and Mrs. A. Y. McBride accompanied by Kirkland McRee and Mr. and Mrs. William Holcomb accompanied by Miss Margaret Ann Scott attended the football game last Saturday afternoon at State College between the State and U. S. Florida.

Mesdames Sidney Rice, Al Gulley and Misses McKinnon and Barrett Memphis shoppers Saturday.

Mr. A. Y. McBride, Supt. of our school informed the correspondent to report, the school opened with a larger enrollment than that of last year having an enrollment of 375 pupils. The gym is nearing completion. It will not be long now until we'll be enjoying some good ball games.

Mr. and Mrs. A. Y. McBride were Sunday afternoon visitors in the home of Mrs. McBride's parents, Mr. and Mrs. J. A. Clardy, of Maben.

The Spiritual Life Group of W. S. C. S. met with Mrs. R. A. McRee, four present. The "Upper Room" was used for the discussion and period of meditation and prayer. On the preceding Monday Mrs. Bailey gave a report of her attending the Rretreat at Castalion Springs on August 13 and 14th. The meeting next Monday will be held in Mrs. Dot Hayden's home the first chapter of the mission book, "The Christian Imperative" by Barnes, will be taught by Mrs. Hayden.

POPEYE, THE RECRUITING OFFICER, MEETS THE ADMIRAL!

DO TELL
LOOK WHO'S HERE! I THOUGHT YOU WERE RETIRED, ADMIRAL ?
YES, BUT I CAN'T KEEP AWAY FROM THE NAVY!!
oooO-OH MY GORSH!

Your pay in the Navy is gravy

No rent to pay. No food to buy. No doctor's or dentist's bills. Even movies and other entertainment are free. And when you first enlist, the Navy gives you $118.00 worth of uniforms!

And if you want to learn a trade, the Navy is the place to do it. There are forty-five odd trades you can learn . . . training that's worth hundreds of dollars the first year.

The Navy offers the chance of a lifetime to young men. If you are 17 or over, get a free copy of the illustrated booklet "LIFE IN THE U. S. NAVY," from the Navy Editor of this newspaper. Simply write or call.

SERVE YOUR COUNTRY! BUILD YOUR FUTURE! GET IN THE NAVY NOW!

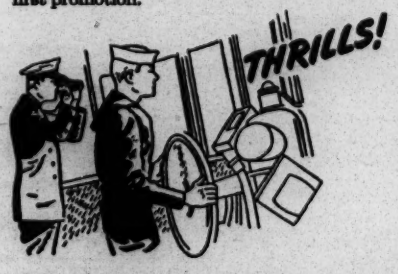
"Imagine me, steering a Destroyer!"

"And I've had two pay raises in only eight months! I'll say you can't beat Uncle Sam's Navy!"

YOU couldn't ask for a greater thrill than that which a fellow gets when he comes back home wearing a trim Navy uniform. The folks crowd around. They all want to know where you've been, what you've done. And man, do you have stories to tell!

GREATEST LIFE IN THE WORLD

You're proud. And you should be. For you've been leading the greatest life in the world. And it's a thrill to tell about it, too. A thrill to see the admiration in the eyes of the One and Only Girl as you tell about the first time you steered a Destroyer. Or handled a P.T. Boat at more than 45 miles per hour. Or stepped out in front of your shipmates to receive your first promotion.



And with that promotion came an increase in pay. And there were more to come. Second Class. First Class. And then Chief Petty Officer. Many might even go to Annapolis. Or to Pensacola with the flying cadets!

Exciting? You bet, and fun too. Something doing all the time. Real he-man's stuff. Boxing. Baseball. Football. Swimming. AND MOVIES... previews, too!

LOOK WHAT THE U. S. NAVY AND NAVAL RESERVE OFFER YOU

FREE TRAINING worth $1500. Nearly 50 trades and vocations to choose from.

GOOD PAY with regular increases. You may earn up to $126 a month.

EACH YEAR you are entitled to a generous vacation period, with full pay.

GOOD FOOD and plenty of it.

FREE CLOTHING. A complete outfit of clothing when you first enlist. (Over $100 worth.)

FREE MEDICAL CARE, including regular dental attention.

FINEST SPORTS and entertainment any man could ask for.

TRAVEL, ADVENTURE, THRILLS—You can't beat the Navy for them!

BECOME AN OFFICER. Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

FUTURE SUCCESS. It's easy for Navy trained men to get good-paying jobs in civil life.

LIBERAL RETIREMENT-PAY for regular Navy men.

FREE TRAINING WORTH $1500

And all this time you're taking care of your future! The Navy said, "Pick a trade—we can make you an expert." And they gave you nearly 50 skilled trades and vocations to choose from: Radio expert, machinist, welder, aviation mechanic, dental technician, electrician—to mention a few.

Yes, training that would be worth $1500 to you in one year's time. Training that will assure you of a well-paid job in civil life. Yet you get paid while learning—get your keep and a complete outfit of clothing free.

Where else in the world are there such opportunities for thrill, for fun, for a future as in Uncle Sam's Navy?

ENROLL IN THE NAVAL RESERVE ... BE RELEASED AFTER THE EMERGENCY

The Secretary of the Navy has announced:—"All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment."

Remember—the regular Navy and Naval Reserve offer you the same travel, training, promotions, pay increases. Physical requirements in the Naval Reserve are more liberal.
